

## 2023-24 Textbook List – Summer & Fall

This list is a fully hyperlinked document to help make ordering easier.

**Please review special notes marked with an \* asterisk. They contain vital information.** If a particular format of book (print or digital) is required – that will be stated. If no particular format is required–you can choose any format.

You can use the ISBN and title information provided on the list to buy from other sellers. We suggest you compare prices. Always use the ISBN when searching for textbooks online. Cover art of a book does not indicate it is the correct edition.

**We recommend using Chrome browser as some of these linked webpages do not work properly with Safari browser.**

Please consider selling and buying used textbooks with other JSerra families. See our [Used Textbook website](#).

**Summer 2023 Textbooks** are found on page 19: [Link](#).

For **Summer Assignments**, visit this webpage: [Link](#).

**Online Dept. classes** do not list books on this Textbook List.

For fall textbooks, it is best to order in early to mid-July to avoid backordered textbooks. When print books go on backorder at the publisher - your only recourse is finding used books at Amazon and other sellers. It is easier to deal with returning a book if a class schedule changes than to have backorders. Please review vendor return policies when you order.

## Notes & Other Instructions (linked from the list)

### Savvas publisher – Digital book access:

I have already received several questions regarding purchasing the digital licenses (for eBooks). **Yes, you do need to purchase the digital license for the Savvas books – even if the book is housed in Realize and available through the Student’s Schoology account.** The publisher will send us a report showing the purchases, and the access will be provided in class.

Student access to the digital book depends on which platform the book is housed on. Here is information on that for both Savvas Realize textbooks and higher-level classes:

#### 1. Savvas Realize access in student Schoology account:

Textbooks for the following classes are on the Savvas Realize platform:

Algebra 1/1A/1B	Geometry (CP & Honors)	Alg. 2 Trig. (CP)
American Government	AP Spanish	U.S. History (CP)
Chemistry	Conceptual Chemistry	Economics
Environmental Science	Latin 1	
Spanish 1, 2, 3, & 4 (CP & Honors)	Biology & Foundations of Biology	

Access to Savvas Realize digital books will be provided through the student’s Schoology account. The teacher can assist with this access.

#### 2. Savvas Higher Level Courses:

The following classes’ textbooks are on the Mastering, Modified Mastering, MyMathLab, or MyPoliSciLab software website: [Link to site](#)

AP Biology	AP Physics 1 & 2	Algebra 1 Honors
Alg. 2/Trig. Honors	Anatomy & Physiology H	Astronomy
Concepts of Genetics	Intro to College Math	AP U.S. Gov. & Politics

Please send your email confirmation of purchase of the digital product to Jeanne Swedo so the license can be provided. Include in your email the name of the student and the course name. The access is provided in this way: Savvas will send a 2<sup>nd</sup> email to you with the account creation information and providing you with an ACCESS CODE. It can take 24 to 72 hours before receiving that 2<sup>nd</sup> email. You need that access code and the Teacher/Course ID to access the eBook. When you send Ms. Swedo the confirmation of purchase – she will provide the Course ID. Email to: [jswedo@jserra.org](mailto:jswedo@jserra.org)

[\[Back to Table of Contents page\]](#)

### **Info on the Parent Used Textbook Exchange website**

Ms. Swedo moderates the used textbook website to ensure that no out-of-date or otherwise incorrect textbooks are listed for sale.

When using the Textbook Exchange – please review the current Textbook List first to ensure the class is being offered, and the textbook you have is still being used. I will delete any listings that offer books that JSerra does not use in its courses.

If you posted a book and wish to edit the listing – Ms. Swedo can edit listings for you. She will remove your listing after you sell the item.

Please email Ms. Swedo for edits to listings and after selling the item so it can be removed and the list can be kept up to date. Email to: [jswedo@jserra.org](mailto:jswedo@jserra.org)

### **Cengage publisher – How to Buy Textbooks**

I am having issues with this publisher in them providing a suitable way to purchase books from them directly. I am going to give you 2 ways to purchase. If the first way does not work – like you cannot get through to them – or they say they cannot find the ISBN that we use – use the second way. I am very sorry for this complicated issue – I have tried to work with them and have not been provided with any real assistance. They assured me that the second way will work for orders.

Here are all the Cengage books from this Textbook List:  
(for full title of book and ISBN – see the Department listing in this Textbook List)
