

ACTIVATE, INSTALL, AND SIGN INTO YOUR JSERRA ZOOM ACCOUNT

Once JSerra has created your Zoom account, you will receive an email in your JSerra mailbox from Zoom to create a password. Find that email and click the blue "Sign in to Zoom" button.

STEP 2

A browser window will pop up and prompt you to Activate your Zoom Account. Scroll down and click “Sign in with SSO”.

Activate Your Account

Use your email address **test.student@jserra.org** to set up your account.

By proceeding, I agree to Zoom's [Privacy Statement](#) and [Terms of Service](#).

Or

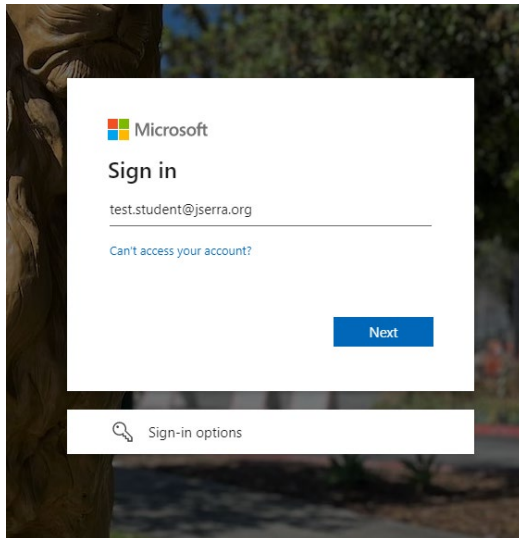

Create your Zoom account with your SSO account

test.student@jserra.org

Sign in with SSO

STEP 3

You will be redirected to sign in with your JSerra email credentials. You may be prompted for your two-factor authentication code.

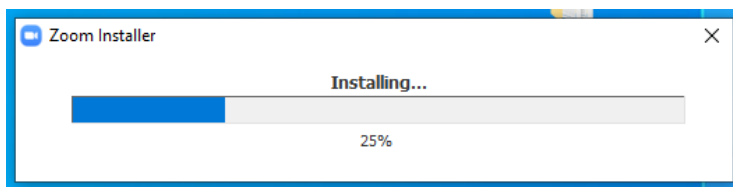

STEP 4 (IF YOU ALREADY HAVE ZOOM INSTALLED, SKIP AHEAD TO STEP 5)

Download and install the Zoom client onto your computer by navigating to https://zoom.us/download#client_4meeting.

Once there, click on the blue "Download" button under "Zoom Client for Meetings". It should be at the top of the page.

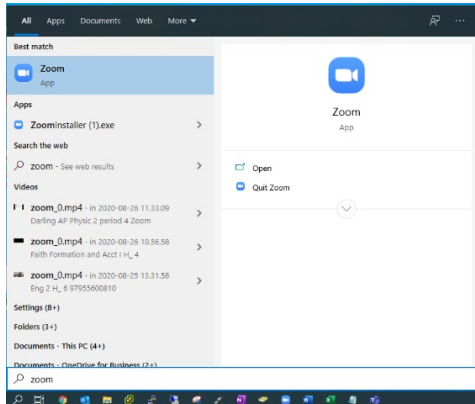

Once it finishes downloading, click the downloaded file to run the application. If you are using Chrome browser, it will be in the lower left-hand corner of the window. In Firefox and Safari, it can be found in the upper right-hand corner of the window. A window will pop up to show installation progress:

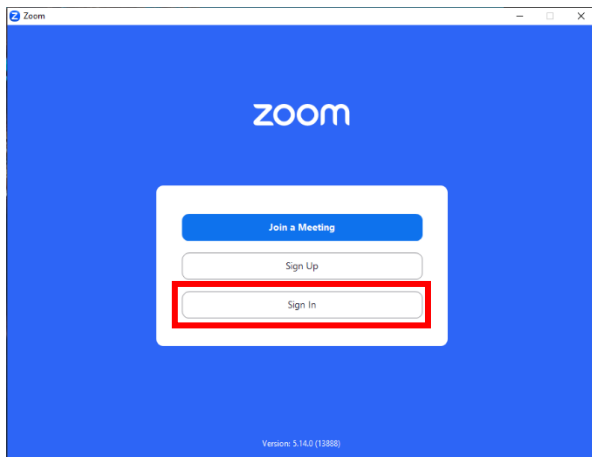

Now you can sign into your installed Zoom application.

STEP 5

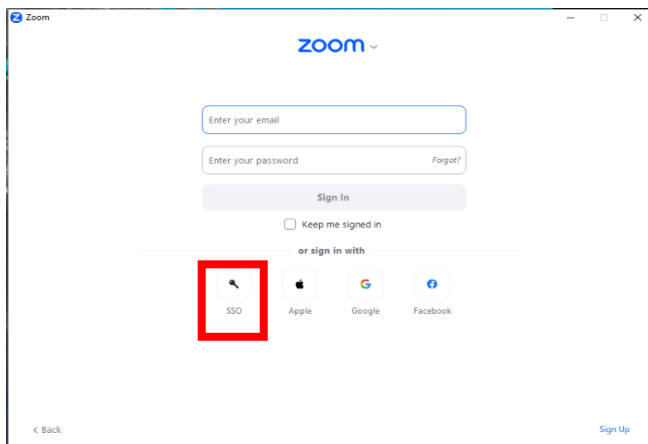

If Zoom does not automatically open after installing, open by double-clicking the Zoom icon on your desktop or searching for Zoom from your Start menu (Windows) or Launchpad (Mac).

Once opened, click "Sign In".

Click to sign in with SSO.

Enter JSerra's Zoom domain "jserra-org". Click continue.

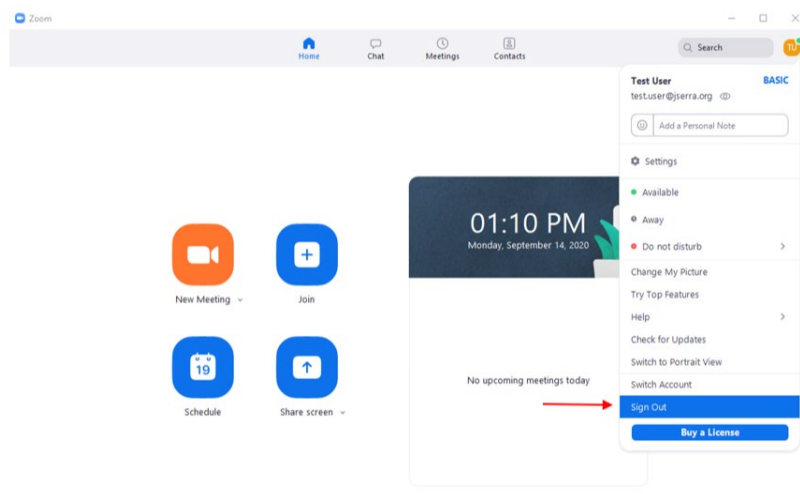

Sign In with SSO

Company Domain .zoom.us ▼

[I do not know the company domain](#) [Continue](#)

A browser window will open to "Sign in with SSO". In the "Open Zoom Meetings?" dialogue box, put a check in the box to Always allow jserra-org.zoom.us to open links of this type in the associated app, then click "Open Zoom Meetings".

If you open the Zoom application and find that you are already signed in with a personal Zoom account, please sign out, then sign back in with your JSerra account.

Now you are ready to join your JSerra course Zoom meetings from Schoology. If you have any trouble with any of the above steps, please reach out to the JSerra IT Department at 949.493.9010 or support@jserra.org.
